# Mapping Drives on a Macintosh OS X

## Step 1
**In the Finder’s menu, click on Go.**

**Scroll down to “Connect to Server”.**

## Step 2
**In the Server Address field, type:**

`smb://nlustorage/yourusername$`

**Example: John Smith (john.smith)**

**Click the plus sign to add to favorites.**

**Click Connect.**

## Step 3
**Type in your user name.**

**Example: John Smith (john.smith)**

**Type in your password.**

**Click OK**
